DSCI Corporation

WC Docket No. 05-196

**STATEMENT OF COMPLIANCE PROCEDURES**

DSCI Corporation ("DSCI") is a regional provider of integrated business communications services serving business customers throughout New England and the Mid-Atlantic. DSCI offers a full range of local and long distance voice, data, Internet and IP products, along with network integration, monitoring, and server backup services.

DSCI ensures that its business methods and operating procedures are in full compliance with FCC Rules pertaining to CPNI.

No information, CPNI or other, regarding our customers is ever sold or given to any third parties for any purpose, unless pursuant to lawful subpoena.

DSCI's internal network and onsite and offsite data are maintained securely through technology and other methods. All customer information is therefore protected from "hacking" and other forms of misappropriation.

DSCI may use CPNI to provide or market service offerings among the categories of service – local and long distance – to which a customer already subscribes. When we provide different categories of service, and a customer subscribes to more than one service category, our direct sales people may use the customer's CPNI to target "in category" upselling. However, if a customer subscribes to only one service category, we do not share or use the customer's CPNI to market another service category without the customer's express approval.
